SHOE CARE GUIDE

Custom shoes can be a lot more delicate than standard shoes, so here are a few helpful tips to prolong the life of your new Custom Kicks.

- ▶ **AVOID WEARING YOUR SHOES IN WET/DIRTY CONDITIONS (AVOID PUDDLES, ETC).**
- ▶ **NEVER CLEAN YOUR SHOES WITH ANYTHING OTHER THAN A DAMP MICROFIBRE CLOTH.**
- ▶ **WHEN RUBBING, BE GENTLE YOU SHOULD NOT NEED TO RUB HARD AS THE PROTECTIVE CLEAR COAT SHOULD REPEL DIRT.**
- ▶ **AVOID APPLYING PERFUME, COLOGNE, NAIL POLISH REMOVER NEAR THE SHOES, AND NEVER SPRAY HARSH CHEMICALS DIRECTLY ONTO THE SHOE.**
- ▶ **WHERE POSSIBLE, ALWAYS STORE YOUR CUSTOM KICKS IN A LOW HUMIDITY ENVIRONMENT.**
- ▶ **TO AVOID UNWANTED ODOURS, PLACE TUMBLE DRYER SHEETS IN THE SHOES TO ABSORB SMELLS AND TO LEAVE A FRESH SCENT.**
- ▶ **NEVER USE ABRASIVE CLEANING TOOLS SUCH AS BRUSHES, SCOURER PADS, OR HARD SPONGES.**

We do not accept returns or RMA's on custom designed shoes. In the event that your shoe deteriorates in a way which could have been caused by our manufacturing process, then please contact orders@customkicks.uk with your order number, photographs of the issues, and up to date contact information.

THANK YOU FOR CHOOSING CUSTOMKICKS!
